Dear William,

Re: Warrior for the Day

Thank you for this excellent experience; it was a very special opportunity for us.

We have had very positive feedback from all our staff who took part and I have no hesitation in recommending Warrior for the Day as a team building event to other Directors.

The high quality of your instruction ensured that even the most enthusiastic bouts were safe, and I was impressed by the friendly efficiency of your staff.

Our core values ask employees to use integrity and imagination, to be inclusive, to work as a team and to have passion to excel.

All of these values were incorporated into the day and I was very pleased to see the two members of staff who had expressed some trepidation before the event, thoroughly enjoying themselves.

I particularly wanted our team to work outside their comfort zones and Warrior for the Day exceeded their expectations of how much fun that would be.

I will contact you in the future if we see another good opportunity to involve you in our team building efforts.

Kind regards

Armin Koeller
Regional Supply Chain Director
Germany, Austria and the UK
